

GREEN HEART RANGER

NATURE CROWN ACTIVITY

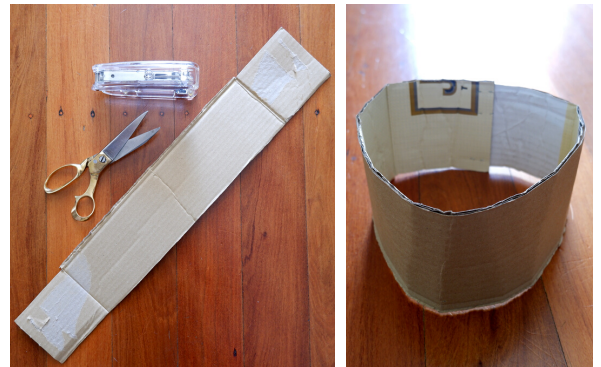

WHAT YOU'LL NEED

- Flexible cardboard (e.g. cereal box)
- Scissors
- Hot glue gun & hot glue sticks
- Masking tape OR stapler
- Glue stick OR blue tack
- Nature items (you can use your Green Heart Ranger Nature Quest items for this)

STEP 1

Measure around your head with a long piece of cardboard and cut the cardboard strip to size. Tape or staple the ends together to create a crown shape. Make sure you ask an adult to help you with cutting.

TIP: Ensure the crown has a tighter fit as the nature items can weigh down the crown once stuck on and make it too big.

STEP 2

Time to collect your nature items! Venture out to your backyard to gather your items, such as leaves, twigs, flowers, bark and grass. You can collect these in a bucket, reusable container or baking tray.

Another option is to use the items collected on your Green Heart Ranger Nature Quest activity!

STEP 3

You will need an adult to help you with this part. Let the hot glue gun heat up and carefully glue items around the outside of the cardboard crown. Once all your items are glued & dried your crown is ready to wear!
